

WE'RE HELPING TO FIGHT
HUNGER

BY SUPPORTING THOSE WHO DELIVER FOOD RELIEF

One in six people struggles with hunger in the U.S. At Bank of America, we volunteer our time, provide grants and raise awareness around this critical issue. We do this in response to the urgent need to help individuals and families at risk of hunger. And it's the right thing to do.

We've given over
\$5 MILLION
to hunger relief programs so far in 2012.

That's
16 MILLION
pounds of food
provided with our support.

This helps over
ONE HUNDRED
organizations distribute food
across the country.

5 MILLION
of that 16 million
pounds is fresh
produce

Packed up, that fresh produce could fill **695** cargo containers.

Stacked vertically,
695 containers rise
27,800 FT.
Almost as tall as Mt. Everest

So far in 2012, our employees
have volunteered a total of
17,395 HRS
often preparing and delivering
meals.

16 MILLION
pounds of food makes
7 MILLION
MEALS

More than enough to invite
every 5th grader in the U.S.
over for lunch...

with leftovers.
